

10th Specialist Meeting on
MICROWAVE RADIOMETRY
and
REMOTE SENSING
of the
ENVIRONMENT

11-14 March 2008

organised by

Centro di Telerilevamento a Microonde
and

Istituto di Fisica Applicata (IFAC-CNR)

Meeting Chairs

Simonetta Paloscia
Giovanni Macelloni
IFAC-CNR, Florence, Italy

Steering Committee

Al Gasiewski

The microwave radiometry community is invited to present at this meeting new research results and instrument designs in the field of remote sensing of land, ocean and atmosphere.

Suggested topics:

- Theory of microwave radiometry
- Inversion of radiometric data
- Radiometric observations of the atmosphere
- Polarimetric radiometry and applications
- Novel Radiometric imaging systems
- Observation from advanced satellite systems
- Potential new applications for climate and global change
- New technological development
- Anticipated radiometric missions

Abstract submission is now open on-line at

www.microrad2008.org

Deadline for submission

October 22, 2007
